Hobbies and Interests

I am passionate about music, and have had the privilege of being involved in numerous school and church bands with multiple instruments.

I am a fitness enthusiast and have participated in running races such as the 21km Milkwood race in 2024.

Recommendations

A letter of recommendation from professionals at Impulse Biomed is available, highlighting my enthusiasm, strong work ethic, and valuable role in the internship project.

Profile

I am a fourth-year Mechatronics Engineering student at UCT with a strong academic record and a passion for problem-solving. I enjoy applying my technical knowledge to real-world challenges and have gained experience through internships, tutoring, and mentoring. With a blend of technical, analytical, and leadership skills, I am eager to contribute to innovative and sustainable engineering solutions.

Education

- University of Cape Town - BSc in Mechatronics | 2023-Present**
 - Recognised on Dean's Merit List (1st-3rd year) 2023-2025
 - Maintained an aggregate of 82-85% (1st-3rd year) 2023-2025
 - Awarded Class Medal for top mark in Mathematics (1st year) 2023
- Herschel Girls High School | 2018-2022**
 - Achieved 8 distinctions and 91% aggregate in Matric 2022
 - Awarded prize for first in Advanced Mathematics at Herschel 2022
 - Ranked among the top 10 performers in Western Province for music 2022

Experience

- Impulse Biomed | 2025**

Interned at Impulse Biomed for 3 weeks, where I led the design of a motorised vacuum attachment system and took ownership of the full product development cycle, from concept and prototyping to testing, refinement, and continuous design improvement.
- Mentor | 2025**

Mentored a number of first-year students as part of the UCT Engineering mentorship programme, which allowed me the opportunity to sharpen my leadership skills.
- HG Molenaar Internship | 2024**

Job-shadowed at HG Molenaar for 4 weeks, where I gained experience with the manufacturing process of food processing equipment and developed VBA programming skills.
- Personal Tutor | 2023-Present**

Tutored mathematics, accounting, and music to high school pupils, which strengthened my interpersonal and organisational skills.

Skills

Technical Skills

- CAD modeling (SolidWorks, AutoCAD)
- Programming: Python, Java, C, VBA
- Circuit design, soldering & lab instrumentation
- Simulation, prototyping & product testing

Professional Skills

- Strong problem-solving & analytical ability
- Leadership through tutoring & mentoring
- Teamwork and clear communication
